INFO: Scheduled Maintenance March 12, 2021 - OneUSG Connect 6.22 Release

Hello Employees,

OneUSG Connect will be unavailable to all University System of Georgia employees from **11:15 p.m., Friday, March 12, 2021, until 7 a.m., Sunday, March 14, 2021**. During this time, Employee Self Service and Manager Self Service will not be available, but Timeclocks and access to the Benefits module will be available.

When OneUSG Connect is available on the 14th, the conversion of Time and Absence to the new Fluid functionality will be complete. The attached flyer provides an introduction to Fluid. During the next 3 weeks, the GSU Time and Absence Team will be conducting Teams sessions that will demo the Fluid functionality and answer questions that users may have. Please be on the lookout for emails announcing when these sessions will be available.

If you have questions or concerns, please contact oneusgsupport@usg.edu.
